

PAINTBALL EVENTS COMPANY

Relocatable Business Serving Military Bases across the US

THE COMPANY

The Company has been in business since 2010, operating throughout the world. The Company has done business in all countries where US military bases are located. The business has an amazing reputation with the military community, and zero safety issues. Service offerings include STEM camps, Science camps, Challenge camps, and Paintball camps. This is a turnkey operation that could seamlessly transfer to a new owner, which includes website, established social media presence, and assistance with the first season of operation.

THE LOCATION

The Company is based out of Idaho, but can be ran from anywhere in the US. There is a rented storage location with vehicles and supplies in a southern state as well, allowing the company to cover more areas within the USA without the logistics of relying on the home base Idaho location.

THE STRENGTHS

The Company is well established within the military community and has strong connections, which helps with existing and new military contracts. Each year the military reaches out to the company to invite for another season, not just in paintball camps but also STEM (Science, Technology, Engineering, and Math) camps. Contracts and connections with the military are not easy to come by and once you have a foot in the door, the possibilities are endless.

THE REASON FOR SELLING

The current owner is ready for retirement and would like to see this business continue to serve the military and their families across the US and the world.

THE IDEAL BUYER

An ideal buyer would be someone with prior military service or have military experience. Military experience and/or a retired military card would provide access to various military facilities as well as the knowledge of how the military operations are performed. Knowing what military families have to go thru on a daily basis is also an advantage. Although military background is an advantage, it is not required, knowledge and connections are easy to learn after a few times of performing camps.

THE POSSIBILITIES

The paintball business is just one facet of available contracts with the US Military. Paintball camps are run during the 2.5 peak summer months. A new owner could also perform camps during the off season, or expand and perform camps in other venues that are not part of the military. A new owner could also build out STEM camps and any other camps the new owner would like to perform with the Military or Civilian sectors.

ASKING PRICE

\$220,000

TERMS:

Cash
