

PPE Manufacturing and Distribution Company

Southwest Idaho Location

THE COMPANY

Founded over 15 years ago out of necessity, this business began when the Owner struggled to find high-quality Personal Protective Equipment (PPE) for another venture. That challenge sparked the creation of a line of premium, reusable PPE products - designed and manufactured entirely in the USA using only the finest materials. Each product is crafted by trained technicians to meet high quality standards and undergoes a thorough physical inspection before packaging. Fabric has been laboratory tested to exceed OSHA standards, offering durable construction and multiple size options for a proper and comfortable fit. The company serves a diverse range of clients from companies large and small to individual consumers through direct sales, distributors and Amazon. Loyal customers include the U.S. Military, HVAC and plumbing companies, alarm and cable installers, appliance companies, carpet cleaners, electricians, contractors, furniture movers, pest control services, window washers, home inspectors, and more.
